

Interior Designers / Decorators

Send us your brief or call us. We will provide you with a detailed and very competitive estimate of the labour cost and fabric requirements. We can also meet you at your client's home, discuss your designs, take precise measurements and draw on our experience and knowledge of drapery applications and hardware to solve any practical problems you may encounter. We can help to make your vision a reality for your client. ([See How we work](#) for the next step.)

Homeowners / Renters / Workspace creators

If you know how you want to decorate your space, send us your ideas or give us a call and we will help you to accomplish your dream rooms. ([See How we work](#) for the next step.)

If you are not sure about your choice of soft home furnishings, you're a bit confused or you need to bounce your ideas off someone who can provide guidance, we strongly recommend you talk to an Interior Designer or Decorator. Spending a few hours with a good Designer to help you define your look and colour palate can save you time and money. ([See Resources](#) for Designers and Decorators with whom we are proud to work.)
